DID YOU KNOW?

His name was Fleming, and he was a poor Scottish farmer. One day, while trying to make a living for his family, he heard a cry for help coming from a nearby bog. He dropped his tools and ran to the bog. There, mired to his waist in black muck, was a terrified boy, screaming and struggling to free himself. Farmer Fleming saved the lad from what could have been a slow and terrifying death.

The next day, a fancy carriage pulled up to the Scotsman's sparse surroundings. An elegantly dressed nobleman stepped out and introduced himself as the father of the boy Farmer Fleming had saved. 'I want to repay you,' said the nobleman. 'You saved my son's life.'

'No, I can't accept payment for what I did,' the Scottish farmer replied waving off the offer. At that moment, the farmer's own son came to the door of the family hovel. 'Is that your son?' the nobleman asked. 'Yes,' the farmer replied proudly.

'I'll make you a deal. Let me provide him with the level of education my own son will enjoy. If the lad is anything like his father, he'll no doubt grow to be a man we both will be proud of.' And that he did..

Farmer Fleming's son attended the very best schools and in time, graduated from St. Mary's Hospital Medical School in London, and went on to become known throughout the world as the noted Sir Alexander Fleming, the discoverer of Penicillin. Years afterward, the same nobleman's son who was saved from the bog was stricken with pneumonia.

What saved his life this time? Penicillin.

The name of the nobleman? Lord Randolph Churchill. His son's name? Sir Winston Churchill.

THE CHAINS OF ST. PETER

January 16

Saint Peter is commemorated on this day because of the chains by which he was shackled by the lawless Herod and which, during the appearance of an angel in prison fell from him, “Suddenly the angel of the Lord stood by him and a light shone in the cell. He tapped Peter on the side and awakened him, saying, ‘Get up quickly.’ The chains fell from his wrists” (Acts 12:7). The chains were preserved by Christians as much for the memory of this great apostle as well as for their healing power, for many of the sick were healed by touching them as well as with the towel of the Apostle Paul, “then when the face cloths or aprons that touched his skin were applied to the sick, their diseases left them and the evil spirits came out of them” (Acts 19:12). Our holy father Juvenal, the Patriarch of Jerusalem gave these chains as a gift to the Empress Eudocia, the exiled wife of the Emperor Theodosius the Younger. She divided them into two and sent one half to the Church of the Holy Apostle in Constantinople and the other half to her daughter Empress Eudoxia in Rome, the wife of Valentinian. The Empress Eudoxia built the Church of St. Peter and deposited these chains in it, together with those chains with which Peter was shackled before his death under Emperor Nero.
